Extra Activities

Head Event Coordinator | Designing Team Head | Techfest   2018 - 2020

I was the head event coordinator in my college where I handled multiple events with time management, event destination, marketing and other areas from scratch to finish line. In this event the footfalls were around 2200-2500 and have managed them very well. With management I was also the Designing team head where I designed multiple marketing products like event banners, cards, posters, flyers etc.
